1 Introduction

LaTeX is a powerful tool for creating professional documents. Here we explore different formatting options.

1.1 Adding Colored Text

This is red text. This is green text.

1.2 Font Formatting

Bold Text

Italic Text

Underlined Text

1.3 Font Size

This is Small Text

This is Normal Text (Default)

This is Large Text

This is Larger Text

This is Huge Text

1.4 Adding an Image

Below is an example of adding an image with a caption.
